Part A: Pupil premium strategy plan

Statement of intent

At Shottery St Andrew' Primary School our intention is that all pupils, irrespective of their background or challenges make good progress and achieve high attainment across all subjects.

The objectives of our pupil premium strategy are:

- To narrow the attainment gap between disadvantaged and non-disadvantaged pupils.
- For all our disadvantaged pupils to make at least nationally expected progress
- To support our children's health and well-being to enable them to flourish.

Identification

- Pupil premium students are identified from the January pupil census.

Yearly Cycle

- Once identified, an initial autumn term meeting will be held with class teacher and parents to establish how pupil outcomes can be raised. At this meeting a bespoke Pupil Premium Passport will be agreed with clear targets and strategies.
- A mid-year meeting will be held to discuss the impact of current strategies and include parents, pupil and teachers views and future steps.
- An end of year meeting will be held with current class teacher and new class teacher to discuss end of year outcomes.

Strategies

- Some children need high quality, tailored support
- Some may benefit from attending clubs they would not be able to access such as swimming lesson, football clubs and dance
- Pupil premium children benefit from high-quality teaching and learning
- Adaptive teaching and learning opportunities
- Help parents with wrap around care so that parents can work, breaking the cycle of disadvantage
- Leaders identify training that will continue to provide the best opportunities for all pupils e.g. staff have received training around restorative practice and Early Help.
- All teachers are aware of the pupil premium pupils in their class and plan accordingly with support and challenge so that they have the same opportunities as their peers.
- The outcomes of the pupil premium students are discussed case by case at pupil premium meetings and parents evening.

- The school is committed to a rigorous and robust recruitment process for teachers, teaching assistants and middays, only employing staff who will provide the best opportunities for children and dedicated to continuous professional development.
- To maximise effectiveness, we will act early and adopt a whole school approach in which all staff take responsibility for disadvantage pupils' outcomes and raise expectations of what they can achieve.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Attainment gap across reading, writing and maths
2	Social, emotional and mental health needs
3	Lower participation in enrichment opportunities
4	Lower parental engagement
5	Higher level of pupil mobility (PP children joining in Key Stage 2)
6	Attendance of PP pupils

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Pupils make at least expected progress in reading, writing and maths.	Gap will close in progress made between PP and non-PP.
Narrow the attainment gap between PP and non-PP pupils.	Gap will close in attainment between PP and non-PP.
PP attendance in line with school attendance figures	PP pupil's attendance will be in line or above school attendance target
Increase opportunities for reading and maths at home and school.	Improved basic numeracy skills. Accelerated progress in phonics & reading.
Pupils access early targeted interventions to prevent gaps developing.	Gap between PP and non-PP does not widen.
Pupils demonstrate greater resilience independence and perseverance. Pupil feel safe and valued. Pupils aware of how to access support and teachers are sensitive to pupils need.	Jigsaw, Growth Mindset, Nurture and Pastoral support develops greater self-esteem, resilience, independence and perseverance in targeted children. Pupil surveys show that pupils feel safe

	and valued. Pupils access support when necessary.
Pupils access a wide range of enrichment experiences both in and out of school.	Pupil surveys reflect enjoyment in school and improved attitudes to learning. Improved social skills, independence, perseverance and team work are observed.
To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.	Pupil surveys, nurture activities and Jigsaw data shows high levels of wellbeing.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.
