

Year 1 History Summer Term 1

How have space explorers change the World?

Through this unit children will learn to:

- Explain what explorers do
- Name equipment an explorer would need.
- Sequence four photographs from different periods of time.
- Name important space explorers
- Select the most important events in a historical story.
- Sequence events on a timeline.
- Describe what they can see in a photograph.
- Make inferences about what a person in an image could be saying and ask questions to further their understanding.
- Recall information about past and presentation exploration.
- Understand events in relation to the present day and compare how exploration has changed over time.
- Describe how an explorer is significant and how they impacted events or people's ideas.
- Present significant people using a coat of arms.

1957 a dog named Laika became the first animal to orbit the Earth

1961 Yuri Gagarin became the first man to travel into space.

1963 Valentina Tereshkova became the first woman to fly into space.

1969 Neil Armstrong became the first man to walk on the Moon.

1991 Helen Sharman, the first British astronaut, flew to the Mir space station.

2015 Tim Peake visited the International Space Station and ran a marathon in space.
